Description

The Pacific Diver is an appealing casual watch for outdoor explorers, as well as for everyday wear, while remaining true to the Luminox brand DNA. Combining a stainless steel case, together with a CARBONOX™ bezel, results in an eye-catching fusion of materials. The black-on-black dial and stainless steel case, combined with a black genuine rubber strap, is the ultimate in stealth wrist wear. As with any Luminox, it features our cutting-edge Luminox Light Technology, for self-powered illumination for up to 25 years.
